

# OCUTECH® FILTERS

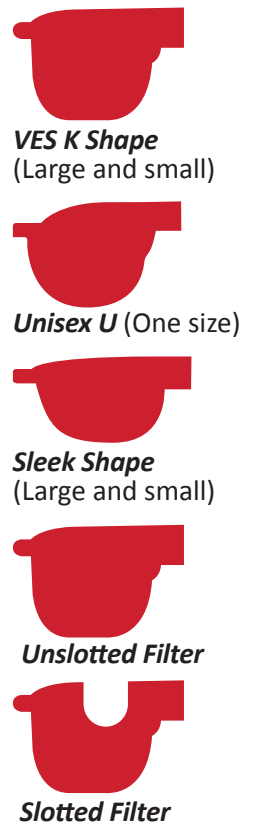

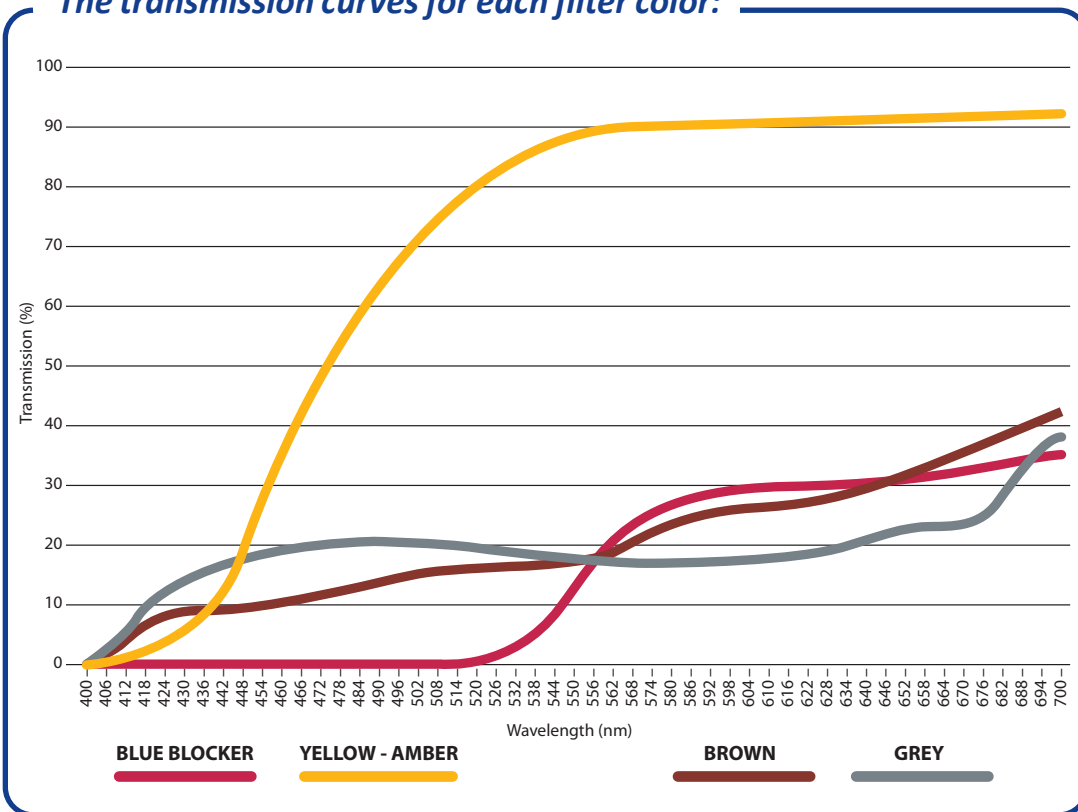

*Ocutech provides slip-behind filters in 4 standard colors:*

- Polarized Gray
- Polarized Brown
- Polarized Blue-blocker
- Non-polarized Yellow (Amber)

The slip-behind filters are designed to fit all Ocutech metal frames (K, U, Sleek) and can be ordered slotted to allow the telescope eyepiece to pass through (You must specify product and PD when ordering), or un-slotted to cover the eyepiece.

*The transmission curves for each filter color:*

## NOIR Fitover Filters

Ocutech also offers NOIR Fitover Filters in all colors in the U and L frame styles. These are available for the VES Sport-II, Explorer, K and Falcon products. (You must specify product and PD when ordering.)
